**ATHENS DRIVE MAGNET HIGH SCHOOL CENTER FOR
MEDICAL SCIENCES & GLOBAL HEALTH INITIATIVES**

Dedicated to the Next Generation of Innovations in Medicine and Healthcare

YOUR ROAD TO SUCCESS BEGINS AT THE DRIVE!

Students attending Athens Drive will experience:

- Robust experience to succeed in a chosen health and/or science profession
- STEM pedagogy that supports learning across disciplines
- Community partnerships through field experience and service learning
- Multiple opportunities for collaborative research presentations

How do we integrate medical science and global health at Athens Drive Magnet High School?

- Current global health topics
- Medical technologies/ Medical IT

- Environmental (Bioterrorism)
- Agricultural Sciences (Animal Science)
- Certification opportunities (eg. OSHA, EMT, Pharmacy Tech)

Culture of Collaboration in daily learning through:

- Integral Project-Based Learning experiences
- Electives supporting medical and global health disciplines
- Extensive unique university and corporate partnerships for real world connections
- Relevant connections between the core curriculum and current topics in medical sciences and global health
