What are the graduation requirements?

- Students are required to take and pass the four mandated high school social studies courses listed below. This is the recommended sequence:
 - 1. World History
 - 2. American History I
 - 3. American History II
 - 4. American History: The Founding Principles, Civics and Economics (commonly referred to as C & E)
- Each high school social studies course is intended to be a stand-alone course. There are no prerequisites for any of the high school courses for social studies.

<u>What should determine student course placement?</u> The High School Social Studies Program is committed to providing the highest level of rigor for each student. We encourage schools to make purposeful recommendations, placing students in the most rigorous course appropriate.
